

Technology Specialists, Inc. (TSI) Awarded Telecommunications System Acquisition, Installation & Support Contract with the U.S. Nuclear Regulatory Commission (NRC)

Company further expands its NRC presence with prime contract at the NRC in Atlanta, GA.

Annapolis, MD—July 02, 2009—Technology Specialists, Inc. (TSI) (www.tsicorp.com), announced today that it has been selected by the U.S. Nuclear Regulatory Commission (NRC) to provide telecommunications system installation & support services for one of its planned facilities in Atlanta, GA.

Under this contract, TSI will provide a comprehensive turnkey telecommunications system (PBX) which includes engineering, installation, operational support, training and system maintenance support for the NRC. TSI will also provide technological evaluations and recommendations to help expand the NRC's telecommunications systems capability and enhance interoperability.

"This contract from the NRC spans an array of our core capabilities in enterprise infrastructure solutions and services" said Lee White, President of TSI. "It offers us a wonderful opportunity to demonstrate to the NRC our commitment to implementing the latest in quality telecommunication solutions."

This contract is TSI's fourth (4th) contract award with the NRC within the past year and establishes the company's presence at NRC's locations in PA, TN, GA and NRC headquarters in Rockville, MD.
